

# COMPUTING

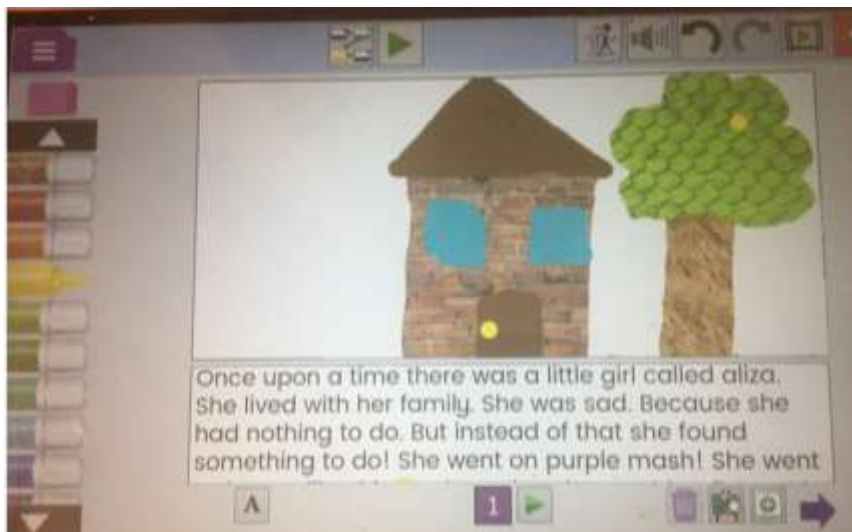

## Create and share artefacts

### National Curriculum Objective

- use technology purposefully to create, organise, store, manipulate and retrieve digital content

### Key Vocabulary

e-book	file	animation	sound-effect	font
background	copy	paste	undo	redo

Intents	Student
I can use drawing tools to create a picture on the page	
I can add text to a page	
I can change the colour, size and font of text	
I can save my work	
I can add animation to a picture	
I can add sound to a story	

# COMPUTING

## e-Safety

### National Curriculum

- use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.

The first lesson of each term throughout the year provides an important focus on e-safety. Children explore the ever-changing issues through discussion, presentation or group work.

online safety	personal information	private	worries	bad words
stranger	feelings	explore together	sad	trusted adult
Chatting online	Watching videos	Sharing safely	sharing	permission

Intents	Student
I know that I shouldn't ever tell anyone private things about me.	
I know what I would do if you saw something frightening online.	
I know that I can explore safely with a trusted adult when online.	
I know that I should not talk to strangers online.	
I know that I should tell a trusted adult if I see or hear anything that makes me feel sad or worried online.	
I know that it is best to watch videos when there is a grown up watching with you, not on my own.
