COMPUTING
PRODUCE, EDIT AND PUBLISH MEDIA

National Curriculum Objective
o understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration.   o select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information.   o use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.

Key Vocabulary

media	publish	edit	information	video
SEO	effects	evaluate	content	sound

Intents	Student
I have used technology safely, respectfully and responsibly.	
I can use search technologies effectively to find the information I need.	
I can use a range of programmes to present information on a topical issue.	
I can edit and cut media effectively.
