

Explore and use structures to produce Greek Pottery

Year 5 Design Technology

Curriculum Objectives:

- To communicate ideas and apply knowledge to own design
- To know how to use structures to produce a piece of Greek Pottery
- To select and use tools safely

Key Vocabulary

design	durable	Greek
sketch	material	pottery
stable	prototype	functional
strong	aesthetically pleasing	

Intents	Pupil	Teacher
I can investigate and analyse a range of existing products.		
I can use research to develop design criteria and inform my own design ensuring that it is innovative, functional, appealing and fit for purpose.		
I can develop, model and communicate my ideas through discussion, annotated sketches, diagrams, prototype etc		
I can select from and use a range of materials, components and tools to make my model (joining and finishing)		
I can understand and use structures that have strength and durability		
I can evaluate my ideas and product against my original design criteria and consider the views of others to improve my work.
