

Animals Including Humans

Biology

National Curriculum

Year 3

Identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat. Identify that humans and some other animals have skeletons and muscles for support, protection and movement.

Core Vocabulary			
incisors	molars	pre-molars	canines
herbivore	carnivore	omnivore	milk teeth
adult teeth	gums	oral health	hygiene
rip	tear	cut	chew
grind	position		

Key: Substantive Bigger Picture

Glossary

herbivore	
carnivore	
omnivore	

Learning Intent Questions	Pupil	Teacher
What are the different types of teeth found in humans?		
What are the functions of the different teeth?		
How are teeth suited to what animals eat?		
How does sugar affect our teeth?		
How do we keep our teeth healthy?
